Clear Coat Clutter

Step 1 Gather all the coats (check the laundry pile to see if any are sitting there)

Step 2 Group coats into piles by the wearer

Step 3 Try the coats on to ensure the coats fit the person

Step 4 Pare down by pulling out coats that don't fit, are hopelessly out of style, need repair or aren't worn

Step 5 Hang the keepers in the closet:

- Trench/waterproof
- Peacoat/dressy winter
- Puffy/snow jacket
- Windbreaker

Keepers vary by where you live

Space Saver

Try a double hang bar, this **DOUBLES** your usable space!

Hang jackets on identical thin hangers, this looks great while giving you *lots* more space.
